HOLI Celebration:

What is HOLI? Holi is considered as one of the most revered and celebrated festivals of India and it is celebrated in almost every part of the country. It is also sometimes called as the "festival of love" as on this day people get to unite together forgetting all resentments and all types of bad feeling towards each other. We will be spreading color and love!

With March being National bring music into our school month we would love for parents and/or students who play instruments to bring them in and expose our students to a variety of sounds, rhythms, and musical techniques. Please let us know if you are interested! We are waiting for the weather to clear up to do our HOLI celebration. We will also be building leprechaun traps if you have, boxes, tape, sticks, or other building materials laying around please bring them to the classroom.

NOTES:

This month is National Women's History Month as well as National Music in our schools Month. We will be learning about important women in the world who have helped make a difference as well as finding local artists to play different types of music for our students. We will have some fun creating leprechaun traps for our classroom. We will be working on recognizing our names, letter sounds in our names, and writing them for friends who are ready.
